

Frequently Asked Questions About Abunza Answered

If you are looking at joining Abunza then you may have some questions. Hopefully in this article I will be able to answer some of your questions so that you will be able to make a decision on if Abunza is the home based opportunity for you.

Some of the frequently asked questions that you may want answered are.....

Do I need to be a computer expert to succeed in this company?

Is there a guarantee that I will make money?

Do I need to learn Spanish since this is a bilingual businesses opportunity?

Do you need to be a computer expert to succeed in this company?

No you do not need to be a computer expert. Abunza does everything for you the only thing that you need to do is market your website for you to succeed in this business. You see the website in both English and in Spanish is already setup when you join. Basically 95% of this business is done all that you have to do is to advertise your website. You are also not alone when you advertise your website. You see when you join as an Abunza distributor then you can access the weekly training calls which will help you to increase traffic to your website and with more traffic there comes more customers and more customers means more money.

Is there a guarantee that I will make money?

No there is not. Abunza lays out the foundation of a great business but they can not get people to your website and they can not necessarily sponsor people for you. They do have a dream team sales associates which call back your prospective customers but if no customers go to your website because of your failure to market your website then you obviously won't make any money. So no they can not guarantee that you will make money but they give you way more then enough information and tools to make plenty of money.

Do I need to learn Spanish since this is a bilingual business opportunity?

No you don't have to. That is because of the Spanish speaking Abunza dream team. You see when a Spanish speaking person visits your website and requests a call back, then a Spanish speaking dream team member calls them back in Spanish and if they make a sale for you then they will notify you in English.

This is a really great feature because you are no longer bound by the barrier of speech and can reach millions of Spanish speaking people increasing your potential customers as well as your profits.
