

Cycling Vacations In Majorca

When most people think Majorca, they think beautiful, white beaches. Beautiful beaches and crystal blue waters aren't all Majorca has to offer. In fact, the island has something to offer nearly everyone.

Majorca is one of the most popular family vacation destinations in the world. Mediterranean people love to indulge children of all ages. In fact, the servers at even the most upscale restaurant are likely to offer to cuddle your unruly toddler to give you a moment's peace to enjoy your meal.

Many of Majorca's beaches are well-gearred for families with small children. They offer great features like safe, shallow water for little ones to really enjoy their beach time. Many theme parks and water attractions have family activities, including miniature golf and pony rides. Several resorts and hotels offer babysitting services and programs specifically designed for children.

Vacation packages to Majorca are often all-inclusive. Resorts and agencies often offer packages for honeymooners, babymooners, beach lovers and tourists of all sorts.

Some of Majorca's most popular vacation packages include scuba diving, boating and relaxing on the beach. The more physically demanding vacation packages are becoming more popular year by year. Cycling vacations have risen drastically over the last few years. This increase is expected to continue to increase by at least 10 percent over the next two to three years. In 2007, more than 87,000 cyclists enjoyed a cycling vacation in Majorca.

Cycling is quickly becoming a favourite activity for tourists around the world. Tourism authorities in Majorca understand this and have worked relentlessly on new bike routes and facilities over the past 10 years.

Their hard work and dedication has been paying off. Currently the island boasts an astounding 260 km of cycling routes. They will continue to improve upon one of the most quickly growing activities on the island.

Cycling offers a very unique tour of the island. Some hotels and local businesses offer guided tours and bike rentals. Many other bike-friendly facilities offer bike maintenance and secure storage.

Utilizing the freedom of travel a bicycle offers, tourists often get to experience parts of Majorca during their holidays that most do not see. Many bike paths wind their way through the mountains and hills, allowing a very natural view of the island's flora and fauna.

Water sports and golf also make for popular [Majorca holidays](#). Some local businesses offer dive or boat tours and diving lessons. Diving in the Mediterranean Sea is an experience like no other. Some species of tropical fish and marine life exist only in this temperate climate. Crystal clear waters offer a great viewing distance. Local businesses also offer boat and water craft rentals for those who wish to explore the open sea on their own.

The Balearic Islands are located almost directly south of Barcelona, Spain. Also known as Mallorca, Majorca is the largest of the Balearic Islands. Majorca is located in the Mediterranean Sea between eastern Spain and northern Africa. Due to the location, Majorca enjoys an impressive 300 days of sunshine per year.
