

Kiawah and Seabrook Islands South Carolina

[Kiawah and Seabrook Islands](#) are located a beautiful 15 mile, 30 minute drive from historic Charleston South Carolina! When you get to the ocean, there is a large 'round-about' and you go left to get to Kiawah and right to go to Seabrook! They are right next to each other. There is a very nice shopping area right at the roundabout with a high-end grocery (but good prices) coffee shops, antique stores, book stores, etc where you can easily spend an afternoon just walking around and shopping.

Both islands have many options for renting. You can [rent a 'villa'](#) which is like a condominium in a building, usually 2-4 stories tall, or a 'cottage' which is like a townhome that you can drive right up to and park or you can [rent a private home](#).

Seabrook tends to have the better values and guests can also purchase access to their club which has golf and a pool. Kiawah is larger and has more bike paths.
