

## Rattanland will Supply The Furnitures to the Whole World

Furniture will always growing and developing as long as people have innovation and market demand. Indonesia is became rattan furniture exporter since 70's until now, and it is growing up every year. Many factory build to fill the world needed of rattan furniture in Cirebon. Cirebon will always the best place to get the best rattan furniture to sell to Europe, US, Australia, Africa and other Asian countries.

Rattanland as the one of largest rattan furniture exporter want to get the biggest demand in rattan furniture business and take the World Trade Market. Rattanland is aim any kind of buyers and customers, Rattanland accept the rattan furniture importer, wholesales, and also retailer shop that selling furniture in retail. Rattanland with the capability of human resources and infrastructures is having a huge respond from the customer which are coming from many countries.

With this strategy, Rattanland is getting bigger as a company. Many customer know about Rattanland just in one click from the office or home computer. It is because Rattanland website is always in the top in the search engine. It is proved with the country that Rattanland has sold the furnitures. Rattanland has sent the furnitures to Barbados, Malta, Cyprus, Netherland Antilles and many small, remote, and exotic county that you use to be go for holiday.

Rattanland is always support any kind of customer, Rattanland is accept the small retailers that only buy in one twenty feet container with mixed product, because the idea is to get all the market prospect and growing together with all the customer. Rattanland is always improve the marketing strategy and also add the new products and send it in newsletter to the customer email.

Rattanland is always hoping that customer will get everything in one place, which is in Rattanland. Rattanland is also accept the complain from customer to make the company better and still can send the furniture to the whole world. Even Rattanland sell the furniture to many customers to many countries, Rattanland is also note if the customers want their products just for the customer only with the contract to make agreement between Rattanland and the customer, so they can protect each other.

Rattanland will always wait the customer respond after Rattanland send the furnitures to their country, this respond will help Rattanland to make the better furnitures and working harder to get the best for Rattanland it self and also Rattanland's customers. So Rattanland is waiting for your critics and we will growing up together.
